

ZERO TOLERANCE POLICY

Zero Tolerance Policy

Hockey is a healthy sport where we have a responsibility to the players, participants and the community to demonstrate and encourage healthy choices. BC Hockey has therefore developed this policy in the best interest of the health & safety of the players, participants, and the general public.

BC Hockey is unequivocally opposed to tobacco, alcohol and illegal drug use and is sincere in its duty to uphold the laws of the land in which its members operate. BC Hockey is similarly unequivocally opposed to the use by athletes of banned and restricted substances for the purpose of performance enhancement.

Zero tolerance means that behavior contrary to that above will not be tolerated. Incidents are to be dealt with on an individual basis. Member associations, leagues and teams are required to establish policies and procedures to deal with the consequences of non-compliance by their members.

Template Procedure for Associations

1. Expectations:

- All coaches, players and parents must sign and submit their acceptance of the applicable Code of Conduct.
- Teams, under the direction of the coach, shall develop team rules that are reasonable, fair and consistent. These rules will not contravene and may be superceded by rules of the governing bodies. These rules shall be registered with the Association.
- The policies and procedures of the governing bodies shall be observed.
- The coach has a duty to report.
- The coach participates co-operatively in disciplinary proceedings when required.

2. Legal context of alcohol and controlled substances:

- BC Hockey urges all associations and volunteers to review the Controlled Drugs Act and the Liquor Control and Licensing Act.

3. Incidents of non-compliance to zero tolerance:

- The coach informs the parent of the incident and asks direction from the parent on the removal of the player from the coach's care.
 - The coach has the authority to remove a player from team activities.
 - Regardless of removal from activity, the coach continues supervisory duties until the player is released from the coach's care by the parent or guardian.
 - The coach informs the authorities should the incident warrant criminal investigation.
 - The coach documents the incident.
 - The coach forwards this documentation for filing/action with the Association.
 - The coach ensures that reports and specific circumstances are kept within the parent and Association-constituted process. At no time are any proceedings made public.
 - One or more members of the coaching staff shall meet, as soon as practical, with the player and a parent to review the reasons for the removal from activity.
 - Suspension of the athlete is at the direction of the Association.
 - If the decision is to seek suspension, the coaching staff, as soon as practical, informs the player and a parent and refers the matter to the Association. Should this happen, the process follows the suspension procedure of the Association
-

ZERO TOLERANCE POLICY

It is strongly encouraged that, should the incident or resulting actions be disputed, the parties to the dispute seek a resolution through direct discussions or through voluntary mediation and the exercise of common sense before resorting to review procedures. Should this not be possible, the parties should be referred to the "Association Dispute Resolution Policy".

BC Hockey Protocol

BC Hockey realizes that the severity of incidents of non-compliance to Zero tolerance will encompass an entire spectrum and may have far-reaching affects over and above the participants in the actual event. It is the duty of member associations to report to the BC Hockey risk manager if;

- The incident involves international, inter-Branch or inter-district play.
- The situation may bring embarrassment or public attention to BC Hockey and/or its members.
- The incident is such that it may affect the well-being of other members of the BC Hockey.
- The incident is precedent-setting in some fashion.
- The incident may require action by the BC Hockey or higher authority.

Crisis Counseling

Situations involving serious and sometimes catastrophic incidents may affect the mental and physical well-being of those involved, including the volunteer leaders. BC Hockey recognizes the expertise of those trained in offering after-incident support and counseling for the participants involved in serious incidents. BC Hockey will direct members, upon request, to agencies involved in these support services.

Adult Alcohol and Tobacco Guidelines

In addition to the previous zero tolerance policy in regards to minors, the BC Hockey realizes there are certain situations when the responsible use of alcohol and tobacco by adults is acceptable assuming the implementation of responsible parameters.

Alcohol is not appropriate:

- In dressing rooms or in public, non-licensed areas.
- In team settings with minors in attendance.
- In situations where minors are left unsupervised while adults attend "hospitality" type settings or where alcohol is not controlled by a server.
- Consumption in buses or cars when traveling to and from an event.
- By adults of a minor team when parents are not present.
- Consumed by anyone at minor team parties hosted by other players, parents or team officials.
- If forced on another person.
- If used for "chugging" contests or as a form of hazing or initiation for rookies.

Tobacco use:

Tobacco use is strictly prohibited by players/participants, coaches/leaders, parents, spectators and officials within 7.5 meters (24 ft.) of any BC Hockey facility at doorways, entryways, openable windows and air intakes. Tobacco use is strictly prohibited at the player's bench and inside dressing rooms. Tobacco use includes smoking cigarettes, cigars, cigarettos, bidis, kreteks, chew, snuff and dip.

ZERO TOLERANCE POLICY

Supervisory Responsibility

Minor hockey organizations are responsible for the reasonable safety and well-being of all minor athletes (under the age of majority) while participating in sports activities. Supervisory responsibilities play an integral part of a coach's role. Interaction between coaches and players must be based on each organization's code of conduct that establishes **respect, dignity, health, and well-being** for all athletes.

Ultimately, coaches assume the role of parent/guardian when traveling with teams and must make every reasonable effort to provide adequate supervision of the players. It is imperative that the rules and player expectations are clearly defined, discussed and presented to all participants including the parents and players prior to departing for a road trip. When parents travel with the team, it is imperative that the coach meet with the parents to ensure that their sons and daughters adhere to all team rules including use of drugs and alcohol, smoking, curfew, etc. It is important that this discussion take place prior to departure and not after an incident occurs on the road. Supervision ratio should be based on the age and physical limitations of the players. Although the coach assumes full responsibility for the members of the team, it is reasonable to assume that he/she will require "free time" and in his/her absence, a pre-assigned member of the supervisory staff will be appointed to assume the leadership role for players to ensure that policies and procedures as previously agreed upon are adhered to by all participants. **For the protection of all participants, it is recommended that the members of the coaching and supervisory staff be screened in compliance with the policies of the local Association and/or Branch.**

Rules and regulations regarding the illegal use of drugs and alcohol, smoking, curfews, inappropriate behavior including abuse, harassment, and bullying should be reviewed with team members, parents and team personnel. **Coaches are well advised to ensure that these rules and regulations are in compliance with those of the Association, Branch and Hockey Canada.**

Information on the location, telephone numbers, cellular numbers, and email addresses where the team will be staying is important to ensure that players and parents are able to make immediate contact in the event of an emergency.

If players are staying with a **billet**, it is important that the recommendations as outlined in the Speak Out program are reviewed. Coaches should have a contact list of billets that includes the names and addresses of the billets, players assigned, and telephone and/or cellular numbers. It is imperative that players are provided with contact numbers and location of the coach and supervisory personnel in the event of an emergency. The coach or his/her designate is to be available 24 hours in the event of an emergency.

If players are staying in a **hotel/motel**, it is important that the recommendations as outlined in the Speak Out program are reviewed. Coaches (and staff) should pre-assign players to rooms. Ideally personnel and players should not share accommodations regardless of the cost saving or other benefits. If sharing a room, please ensure that the **two deep** rule is observed at all times. If only one player and one supervisor are alone in the room for a brief period of time, the outer door should be left open. People of different genders should not share rooms. No one other than the occupants of a given room will be permitted in the room unless the door is left open for visual access to outsiders. No guests outside of the team members will be permitted in the rooms at anytime. Guests must only be met in common areas including hotel lobbies, restaurants, etc. Team and small group meetings should be held in common areas such as a conference room. No sexual contact will be permitted by players who are minors while traveling with the team.

ZERO TOLERANCE POLICY

Legal Decision - Patterson Palmer Law:

“The standard of care owed by a teacher to students who are under his supervision is that of a “careful and prudent parent”, depending on the circumstances. While courts have held that volunteer non-profit organizations should be held to a lower standard, the only cases I was able to located on this topic dealt with injuries sustained in the context of a sporting event, not while the minor was under the general care and supervision of the coach. **Given that the supervising coach and his staff on road trips are responsible for the supervision and well-being of the minors in their charge 24 hours a day, it seems likely that the courts would revert to the careful and prudent parent standard in such circumstances, even in the case of volunteer non-profit organizations.**”
