

To whom it may concern;

The registration date for players wishing to register for the Female Under 16 High Performance Program has now passed. The application forms have been removed from the web site. The reason for instituting this deadline is to allow time for our District Coordinators to properly prepare for their upcoming camp. As you are no doubt aware, camps of this nature depend on our evaluative staff knowing the players by position, grouping them accordingly and preparing the necessary evaluation material. We also need to be assured that we have knowledge of any medical information that may affect the player while at the camp. Finally, to give everyone a fair chance, there may be limits on player numbers due to the ice booking.

Registration may still be possible as a “walk-up”. The decision to accept late registrations is placed in the hands of the District Coordinator. It is their responsibility to determine whether they can accept more athletes. Every District Coordinator would like to see all eligible players attend however; they may be limited by the items listed above. If you are interested in attending the camp as a “walk-up” please call your District Coordinator. They will inform you of whether they have openings at the camp and how you go about registering late.
