**k) Intro to Smithers**

The town of Smithers is located in the Bulkley Valley of northwestern British Columbia, directly on the Trans Canada Yellowhead Highway (Route 16), approximately half way between the cities of Prince Rupert and Prince George, right in the heart of BC.

From waterfalls to concert halls, our visitors quickly find out what makes this place so special. Where else could you revel in the solitude of a rocky peak, dance to live music by Juno award-winning artists and experience the thrill of viewing black bears gorging berries on the roadside - and all these events on the same day?

Smithers, home to about 6000 people, is a regional service center for the entire Bulkley Valley and, therefore, offers many more amenities than you would normally see in a town of this size—including a great recreation centre, a fantastic ski hill, and an active regional airport. The town is set against the backdrop of Hudson Bay Mountain to the west and the Babine Mountain range to the east which makes a very picturesque setting. It also makes for quick and easy access to the backcountry which makes it a great base for outdoor recreational pursuits during all phases of the year. Smithers is well-known for its fishing and hunting, downhill and cross-country skiing, golfing, snowmobiling, canoeing and kayaking among other things. Coupled with a range of indoor recreation opportunities and urban features — great restaurants, shops, music, spas, art gallery & museum — Smithers has something for everyone.

There are many options for accommodations in Smithers. A few of the hotels have agreed to be official sponsors of the tournament and have offered a special team rate for the tournament.
Accommodations:

There are many excellent choices for accommodations in Smithers. We’ve highlighted three choices that have offered us special rates for the provincials. Other hotels/motels may also offer special rates if you enquire. Book early as other events are happening in Smithers during this week.
